Abdalkreem Abuaresh

CEO at Akdue.com | Web Developer Specializing in ASP.NET
Amman, Jordan

Summary

CEO Akdue.com | Web Developer Specializing in ASP.NET

As an experienced Web Developer with a strong background
in ASP.NET, I bring a wealth of expertise in creating dynamic
and responsive web applications. My technical skill set includes
proficiency in JavaScript, React, HTML, CSS, ASP.NET MVC,
ASP.NET Entity Framework, C#, and Visual Basic 6. I am dedicated
to delivering high-quality solutions that meet and exceed client
expectations.

Professional Summary:
I have a proven track record of successfully assisting in the
development of corporate systems, significantly enhancing company
value through my work with two organizations. My passion lies in
solving complex problems and turning massive datasets into clear
and actionable insights. There's nothing more satisfying to me than
arranging millions of data points into a small, organized chart, table,
or application.

Unique Background:
My journey deviated from the traditional educational path, which,
while extending my learning curve, has uniquely shaped me and set
me apart in a distinctive and valuable way.

Technical Skills:

ASP.NET ##
JavaScript (JS)
React ##
HTML
CSS
ASP.NET MVC #
ASP.NET Entity Framework (EF) #
C#

Visual Basic 6 (VB6)
Key Skills:

Brand Development
